Radosław Stawiszyński

E-mail
radoslaw.stawiszynski@gmail.com

Phone number
0048 789 273 573

Birth date
7 września 1986

Adress
Ul. Słowików 20/6 Piekary Śląskie

Programming:
- Python (basic level)
- Math

Development:
- PyCharm
- Knowledge of the Git repository, GitHub
github.com/RadoslawStawiszynski/Nauka_Python.git

Soft skills:
- very good time management
- scrupulousness and a sense of responsibility for the duties entrusted to them
- very good management of the work of teams and people

Summary

My adventure with the Python programming language began a year ago. During this time I learned the basics of the language, learned how to use repositories, eg Math, and created some small projects (available on Github). I am constantly learning new things and looking for solutions for my projects. In my learning I relies on the experience of my friends from the IT industry and websites, such as stackoverflow.com and others.

Education

I High School im. Marii Curie-Skłodowska in Tczew
